\*\*\* As you may have seen the note posted in the café, we are now serving everyone but asking that children be with an adult and both children and youth stay in the café. We have also been asked to put lids on all cups. This seems to be constantly changing but we are trying to see what seems to work best and leaves the least mess throughout the campus. Please do not allow youth to take beverages out of the café to teachers. Please enforce that absolutely no children or youth are allowed in the café during service unless with a parent. **Thank you so much for your help and dedication to Café 24/27.**
